### OUR GRADUATES:

Apart from gaining knowledge that is necessary to be prepared for the challenging working environment, the best thing about a university life is to know friends who will always be there to celebrate your success or accompany you to pass through unexpected bumps in your life. I am such a lucky girl to gain both knowledge and friendships throughout the study year of the master programme. Thanks HKBU!

**Jenny Lim (Malaysia)**

**Audit Associate, Financial Services Business Unit, PwC (Singapore office) | Master of Accountancy, Class of 2018-19**

I worked in Hong Kong for a year after graduating from HKBU, and I relocated to Malaysia to further explore other career options in mid-2019. Now, I am working in an international firm as Product and Marketing Executive. I would say: if you are looking for an opportunity to grow your perspective and expand your global network, I think HKBU School of Business is an ideal place. The comprehensive curriculum will stretch you, test your wit, shake you out of your comfort zone, and equip you to achieve goals that you never thought were possible.

**Shirlyne Ingolo (Kenya)**

**Product and Marketing Executive in Malaysia | MSc in Business Management, Class of 2017-18**

I had a fruitful time at HKBU, where I benefited from having classmates with diverse backgrounds. Despite being such a diverse group of students, the curriculum was well-designed to take everyone from the beginning to an advanced level in Accounting and Finance. Furthermore, I benefit from the strong alumni network of HKBU School of Business that connects me with senior alumni during lunch gatherings at the workplace.

**Tuimebek Karabay (Kazakhstan)**

**Auditing Wealth and Asset Management Sector, EY (HK office) | MSc in Applied Accounting & Finance, Class of 2017-18**

I had a fruitful learning experience at HKBU through joining various events. I joined two entrepreneurship programmes. By winning the top six at HKBU, my team spent a week experiencing the full bootcamp at UC Berkeley. Not only this, I also represented HKBU to attend another programme called The Cyberport University Partnership Programme. My team was sent to the University of Chicago for a week. Finally, my team was the first team from HKBU to win HK\$100,000 to develop our prototype.

**Thomas Huang (USA)**

**Partnerships APAC, Agorize (HK office) | MSc in Applied Economics, Class of 2017-18**

The corporate finance concepts as well as the risk management and financial reporting skills I gained at HKBU are irreplaceably relevant in personal finance. My governance-level understanding of Hong Kong's financial institutions and the world market adds extra insight to my advice. It's so exciting and enriching to be a part of this major industry in my favourite city; I'm so grateful to HKBU for affording me that opportunity.

**Amy Zdon (USA)**

**Financial Consultant, AMG Financial Group (HK office) | MSc in Corporate Governance and Directorship, Class of 2016-17**
